Is this product currently available? *

○ Yes
○ No

Is this a new or upgraded product since SCTE Cable-Tec Expo 2017? *

Remember!
Submitted products must be new since last year's Cable-Tec Expo or have received a major upgrade since that time. Products introduced before or at last year's Cable-Tec Expo that have not been upgraded significantly in the past year are not eligible for submission.Submitted products for the Diamond Reviews must be new since last year's Cable-Tec Expo (October 2017) or have received a major upgrade since that time. When entering a product for consideration based on a recent upgrade, that upgrade should be emphasized in your entry materials.

Products introduced before or at last year's Cable-Tec Expo (October 2017) that have not been upgraded significantly in the past year are not eligible for submission. Products announced after this year's EXPO also are ineligible.

○ Yes
○ No

How Did You hear About the Diamond Technology Reviews?

[   ]

PRODUCT DOCUMENTATION

You may use extra pages for the following questions. However, no more than 5 extra pages of documentation, including spec sheets, will be accepted. Note, all additional pages of documentation must be labeled with company name and product name. Pictures, diagrams and/or charts do not count toward your 5 extra pages.

Applications will be returned if more than 5 pages are submitted.

In putting together your package for the judges, please include the following:

- A spec sheet -- what parameters is the product designed to meet?
- A brief technological description of how the product works.
- Additional pages, if needed, to answer questions 1 and 2 below.

In brief, describe how your product/service/software helps broadband cable engineers reduce operational expenses and/or develop new revenue sources.

What are the unique features of this product as it compares to competing solutions?

Diamond Technology Reviews Agreement *

Submissions are not considered final until the submission form is finalized.

By submitting a 2018 Diamond Technology Reviews Submission Form, each entrant releases and holds harmless PennWell, its officers, employees, agents, and representatives and the Judges of the 2018 Diamond Technology Reviews, from any and all claims, damages or loss, including but not limited to, loss of current or future business or profits or any harm to reputation and regardless of whether PennWell was advised of the possibility of such damages, due to submitting an entry, the entrant's product review score or the publication of other Diamond Technology Reviews scores. This Release is intended to be as broad and inclusive as permitted and includes all claims in tort, contract, equity or otherwise and if any portion thereof is held invalid, the undersigned agrees that the balance shall continue in full force and effect. Entrant further agrees that: (1) any and all disputes, claims, and causes of action, arising out of or in connection with 2018 Diamond Technology Reviews shall be resolved individually, without class action, and any judicial proceeding shall take place in the state or federal courts within the state of Oklahoma and be adjudicated in accordance with the laws of the State of Oklahoma; (2) any and all claims, judgments, and awards shall be limited to out-of-pocket-costs incurred, including costs incurred in entering, but in no event shall include an award of attorney's fees; and (3) Entrant waives all rights to claim punitive, incidental, and consequential damages, loss of profits, and any other damages and rights to have damages multiplied or increased. Entrant further agrees that the Judge's decision relating to the Diamond Technology Reviews Score is final.

☐ Check here to indicate that you have read and agree with the above terms and conditions.
